

## 船舶用 罗盘 美国原装

船舶航运的必需品---船舶用罗盘,其结实耐用性、耐震性、防腐蚀性、防海蚀性、免维护等特殊性能上的要求非常高,一般罗盘是不能胜任的。综合上述因素,上海光进公司隆重推出科技产品船舶用系列空盒气压表、温湿度表,潮汐时钟等等、优惠奉献给世界各国的广大航运用户,热情服务于航运事业,为满足全球海洋、内河航运安全运行新要求作贡献。

This small desktop compass, made in the U.S.A., is beautifully finished in heavy machined brass. Though smaller than a hockey puck, it weighs over half a pound. Inside are the components you find in today's best marine compasses. A sapphire jewel and hardened steel pivot make the compass card nearly frictionless. The compass card has a very traditional design with 32 points. A felt pad on the bottom will protect the desk, table, or shelf where you display it.

Attractively gift-boxed, the Shipmate is a perfect way to acknowledge the start or end of a personal or professional voyage. Let us engrave initials on the side for you to make the Shipmate a very personal gift.

### 规格：

尺寸：Top diameter: 2 1/2" / base diameter: 2 3/4", / height: 1 3/16", / weight: 10 oz.
